

Superstore Sales Dashboard — Key Insights

1. **Regional performance:** West leads all regions with \$222,975 in sales (38% of total), more than triple South's \$73,765, the lowest-performing region.
2. **Seasonality:** Sales rise sharply each November, with Q4 revenue (\$120,385) representing a 151% increase over Q1 (\$47,853), indicating a strong holiday-driven demand cycle.
3. **Category performance:** Technology is the top-selling category, accounting for 40% of total sales, followed by Office Supplies (34%) and Furniture (26%).
4. **Growth opportunity:** The West–Technology combination consistently generates the highest monthly sales figures, positioning it as the top candidate for continued investment.
